CORPORATION OF THE MUNICIPALITY OF HURON EAST

EMERGENCY RESPONSE PLAN

INTRODUCTION

“Emergency” means a situation or an impending situation that constitutes a danger of major proportions that could result in serious harm to persons or substantial damage to property and that is caused by the forces of nature, a disease or other health risk, an accident or an act whether intentional or otherwise. They affect public safety, health, welfare and property, as well as the environment and economic health of the Municipality of Huron East, herein referred to as ‘the Municipality’.

In order to protect residents, businesses and visitors, the Municipality requires a coordinated emergency response by a number of agencies under the direction of the Emergency Control Group. These are distinct arrangements and procedures from the normal, day-to-day operations carried out by emergency services.

The Emergency Management Program Committee of the Municipality developed this emergency response plan in accordance to the Community Risk Profile (supplemental document). Every official, municipal department and agency must be prepared to carry out assigned responsibilities in an emergency. The management plan has been prepared to provide key officials, agencies and departments important emergency management information related to:

- Arrangements, services and equipment
- Roles and responsibilities during an emergency

For this Emergency Response Plan to be effective, all participating agencies and departments must be familiar with its provisions and procedures. The information contained within this plan must be reviewed, tested and maintained on a regular schedule in order for it to remain effective, appropriate, and up-to-date as municipal officials, corporate structures and the nature of emergencies change over time.

AIM

The aim of this plan is to make provision for the extraordinary arrangements and measures that may have to be taken to safeguard property and the health, safety and welfare of the inhabitants of the Municipality of Huron East when faced with an emergency.

AUTHORITY

The Emergency Management and Civil Protection Act, R.S.O. 1990, Chapter E.9 is the legal authority for this emergency management plan in Ontario. The Emergency Management and Civil Protection Act states that: “The Head of Council of a municipality may declare that an emergency exists in the municipality or in any part thereof and may take such action and make such orders as he or she considers necessary and are not contrary to law to implement the emergency plan of the municipality and to protect property and the health, safety and welfare of the inhabitants of the emergency area.” As enabled by the Emergency Management and Civil Protection Act, this emergency response plan and its’ elements have been:

- Issued under the authority of Municipality of Huron East By-Law #
- Filed with Emergency Management Ontario

CORPORATION OF THE MUNICIPALITY OF HURON EAST

EMERGENCY RESPONSE PLAN

SCOPE

This plan supersedes and replaces all previous plans and procedures for emergency management enacted by the former Corporation of the Town of Seaforth, Corporation of the Village of Brussels, Corporation of the Township of Grey, Corporation of the Township of McKillop and/or the Corporation of the Township of Tuckersmith.

DEFINITION OF AN EMERGENCY

The Emergency Management and Civil Protection Act defines an emergency as: **“a situation or an impending situation that constitutes a danger of major proportions that could result in serious harm to persons or substantial damage to property and that is caused by the forces of nature, a disease or health risk, an accident or an act whether intentional or otherwise.”**

For the purposes of this plan, an emergency may be defined as a situation or the threat of an impending situation, abnormally affecting the health, safety, welfare and property of the residents of the Municipality, which by nature of its magnitude, requires a controlled and coordinated response by multiple agencies, under the direction of the Emergency Control Group. Emergencies are distinct from the normal daily routine carried out by municipal first response agencies/departments such as fire, police, EMS, health, etc.

Action Prior to Declaration When an emergency exists but has not yet been declared to exist, community employees may take such action(s) under this emergency management plan as may be required to protect property and the health, safety and welfare of the Municipality. The subordinate plans, attached as annexes to this document, may also be implemented, in whole, or in part in the absence of a formal declaration. **Reference:** The Emergency Management and Civil Protection Act, R.S.O. 1990 Chapter E.9 (supplemental document)

MAINTENANCE AND REVIEW

Internal Procedures: Each service or agency involved or identified in this plan shall be responsible for preparing their own emergency operating procedures and shall be responsible for training their staff on the emergency procedures and expectations during an emergency.

Annual Review: At a minimum, this plan will be reviewed annually for accuracy by the Community Emergency Management Coordinator (CEMC) and the Emergency Management Program Committee of Huron East. The plan will be reviewed for effectiveness through emergency exercises on an annual basis, testing the plan in whole or in part. The CEMC and the Emergency Management Program Committees will make the appropriate changes to the plan as a result of these reviews and tests.

Amendments: Amendments to the plan require formal Council approval from all municipalities. Formal Council approval is not required for the following:

- Changes or revisions to the appendices
- Minor editorial changes, i.e. editorial changes to text, section numbering, reference changes, or changes to references to provincial status

CORPORATION OF THE MUNICIPALITY OF HURON EAST
EMERGENCY RESPONSE PLAN

Flexibility: No Emergency Management Plan can anticipate all of the varied emergency situations that may arise in a changing community. During the course of the implementation of this plan in an emergency situation, members of the Emergency Control Group in the course of conducting their assigned roles and responsibilities may exercise flexibility. To ensure that the public health, safety and welfare of the community are of utmost priority in the emergency response, minor deviations from the emergency management plan may be permitted.

CORPORATION OF THE MUNICIPALITY OF HURON EAST
EMERGENCY RESPONSE PLAN

EMERGENCY CONTROL GROUP

Composition -Emergency operations will be directed and controlled by the elected and appointed officials listed hereunder who will assemble for this purpose at an Operations Centre. This group will be known as the Emergency Control Group (ECG) and will be composed of:

- a) Mayor- or alternate;
- b) Clerk-Administrator or alternate;
- c) Community Emergency Management Coordinator or alternate;
- d) Fire Chief or alternate;
- e) Public Works Manager or alternate;
- f) Emergency Medical Service (EMS) Representative (as required);
- g) Health Unit Representative (as required);
- h) Social Services Representative (as required);
- i) O.P.P. Official or alternate (as required);
- k) Any other person or persons deemed necessary such as Conservation Authority Rep. Hydro Rep. and/or Provincial reps e.g. EMO MOE etc.

Initial Contact - In the event of a real or potential emergency requiring the activation or notification of the Municipalities Emergency Control Group, the lead agency (OPP, EMS, Fire etc.) will contact the Community Emergency Management Coordinator (CEMC) See appendix 1 for contact information. Any member of the Emergency Control Group may also initiate the activation procedure by contacting the CEMC. If time permits, the CEMC will contact the Head of Council and the Senior Municipal Official to discuss the situation and determine if the Emergency Control Group should be activated.

Notification/Activation - If it has been determined that the Emergency Control Group should be activated, or to be put on stand-by, the CEMC will contact any remaining members of the ECG (see Appendix A - confidential – for the complete contact list of the ECG)

All calls should be prefixed “This is a Huron East Emergency Alert”, followed by personal identification, nature of the emergency, plus directions stating where and when to report. The caller delivering this message must record the date and time each member (or alternate) of the ECG was contacted, and response received from the person they were calling.

The Emergency Control Group may function with only a limited number of persons depending upon the emergency.

On receipt of the emergency alert call, each member of the Emergency Control Group will:

- Alert their own department as required, ranging from a warning, to stand-by, to complete participation, and stand-down.
- Bring any required items, including a copy of the Emergency Response Plan, extra clothing, phone list, cell phone, ID, etc.

CORPORATION OF THE MUNICIPALITY OF HURON EAST **EMERGENCY RESPONSE PLAN**

- Proceed immediately to the identified Emergency Operation Centre and report to the Chair of the Emergency Control Group of the status of their organization and resources.
- Evaluate the need and action as required for alerting community volunteer agencies as to possible involvement. The committing of such agencies to action must be done under authority of the Chair of the Emergency Control Group.

Operation Cycle - Members of the Emergency Control Group will gather at regular intervals to inform each other of actions taken and problems encountered; each member will report on the following:

- New information on threats, progress and results during last operation cycle meeting, and recommendations for new or continued mitigation strategies,
- Present threats in order of severity and the plan to limit threats according to priority for the next operation cycle meeting and
- Schedule for team meetings

Meetings will be kept as brief as possible thus allowing members to carry out their individual responsibilities. The Emergency Operation Centre Recording Secretary will keep minutes of these meetings and maintain a status board. The Incident Commander on-site needs to assure that decisions about actions at the site are consistent with the Emergency Control Group decisions. Consistency is achieved by means of regular communications and consultation between the Incident Commander and the Senior Municipal Official. Refer to Appendix D (confidential) for the Emergency Operations Centre Package including procedural checklists.

Emergency Operations Centre - The locations of the primary and alternate Emergency Operation Centres are detailed in Appendix E (confidential).

CORPORATION OF THE MUNICIPALITY OF HURON EAST
EMERGENCY RESPONSE PLAN

ROLES AND RESPONSIBILITIES

Emergency Control Group Roles and Responsibilities - The members of the Emergency Control Group are likely to be responsible for the following actions or decisions:

- Coordinating all emergency support operations during and post the emergency
- Ensuring there is no interruption in the provision of emergency services and essential services in unaffected areas outside the emergency site
- Calling out and mobilizing their emergency service, agency and equipment
- Coordinating and directing their service and ensuring that any actions necessary for the mitigation of the effects of the emergency are taken, provided they are not contrary to law
- Ensuring adequate emergency service provisions are maintained outside and separate from those responding at the emergency site
- Determining if the location and composition of the Emergency Control Group are appropriate
- Advising the Head of Council as to whether the declaration of an emergency is recommended
- Advising the Head of Council on the need to designate all or part of the community as an emergency area
- Ensuring that an Incident Commander is appointed at the emergency site
- Ensuring support to the Incident Management System by offering equipment, staff and resources as required
- Assign an On-site Emergency Information Officer, as required
- Ordering, coordinating and/or overseeing the evacuation of inhabitants considered to be in danger
- Discontinuing utilities or services provided by public or private concerns, i.e. hydro, water, gas, shopping centres
- Arranging for services and equipment from local agencies not under community control, i.e. private contractors, industry, volunteer agencies, service clubs
- Notifying, requesting assistance from, and/or liaison with various levels of government and any public or private agencies not under community control, as considered necessary

CORPORATION OF THE MUNICIPALITY OF HURON EAST
EMERGENCY RESPONSE PLAN

- Determine if additional volunteers are required and if appeals for volunteers are warranted
-
- Determining if additional transport is required for evacuation or transport of persons and/or supplies
- Ensuring that pertinent information regarding the emergency is promptly forwarded to the Emergency Information Officer for dissemination to the media and public
- Determining the need to establish advisory groups and or sub-committees/working groups for any aspect of the emergency including recovery. And if so, determining the chair and composition of that committee, along with reporting structure
- Authorization expenditure of money required dealing with the emergency
- Notifying the service, agency or group under their direction, of the termination of the emergency
- Maintaining a log outlining decisions made and actions taken, and submitting a summary of the log to the CEMC for preparation of a report
- Arrange for Critical Incident Stress debriefing teams as needed
- Participation in a post-emergency debriefing
- Consider entering into the Recovery Phase if needed – see appendix Recovery Plan Guidelines
- Considering application for ODRAP and make arrangements as required

CORPORATION OF THE MUNICIPALITY OF HURON EAST
EMERGENCY RESPONSE PLAN

Head of Council

Upon hearing of a potential emergency, the Head of Council should consider the possible need for activation of the emergency plan, and, if warranted, he/she should trigger the alert system. There upon he/she would report to the Emergency Operations Centre to sit as a member of the ECG and to perform the following functions and responsibilities:

- Providing overall leadership in responding to an emergency
- Chair the Emergency Control Group
- Declaring an emergency within the designated area
- Declaring that the emergency has terminated (Note: Council may also terminate an emergency)
- Notifying the Emergency Management Ontario, Ministry of Community Safety and Correctional Services of the declaration of the emergency, and termination of the emergency
- Make decisions, determine priorities and issue operational direction with assistance from the department heads
- Request assistance from other levels of government, when required
- Ensuring the members of council are advised of the declaration and termination of an emergency, and are kept informed of the emergency situation
- Maintain a personal log of all actions and participate in the post-emergency debriefing
- Act as the Media Spokesperson and conduct media briefings, as arranged and prepared by the Emergency Information Officer
- Giving interviews on behalf of the Municipal Council
- Establishing a communication link and regular liaison with the Emergency Information Officer at the Emergency Operations Centre

CORPORATION OF THE MUNICIPALITY OF HURON EAST
EMERGENCY RESPONSE PLAN

Senior Administration Official (Clerk-Administrator)

Upon hearing of a potential emergency, the Senior Administration Official should consider the possible need for activation of the emergency plan, and, if warranted, he/she should trigger the alert system. There upon he/she would report to the Emergency Operations Centre to sit as a member of the ECG and to perform the following functions and responsibilities:

- Manage and coordinate all operations within the Emergency Operations Centre, including establishing the operating cycle
- Ensure an Incident Commander has been appointed at the emergency site
- Ensuring that a communication link is established between the Emergency Control Group and the Incident Commander
- Ensuring liaison with the OPP regarding security arrangements for the Emergency Operation Centre
- Advising the Head of Council on policies and procedures and all administration matters, as appropriate
- Approving, in conjunction with the Head of Council, major announcements and media releases prepared by the Emergency Information Officer, in consultation with the Emergency Control Group
- Appoint a Citizen Inquiry Supervisor as required by the nature of the emergency
- Calling out additional Municipal staff to provide assistance, as required
- Ensuring the opening, staffing and operation of the municipal office, including telephone operators, as required during an emergency
- Ensuring staffing requirements for extended operation
- Directing all actions taken to assist municipal emergency response efforts, and conduct post emergency recovery efforts
- Ensuring that a record of issues and problems identified, resolved and yet to be resolved, is maintained throughout the emergency
- Maintain a personal log of all actions taken and participate in the post-emergency debriefing

CORPORATION OF THE MUNICIPALITY OF HURON EAST
EMERGENCY RESPONSE PLAN

Community Emergency Management Coordinator

Upon hearing of a potential emergency, the Community Emergency Management Coordinator (CEMC) should consider the possible need for activation of the emergency plan, and, if warranted, he/she should trigger the alert system. There upon he/she would report to the Emergency Operation Centre to sit as a member of the ECG and to perform the following functions and responsibilities:

- Acts as a resource to the Emergency Control Group
- Ensure the activation and arranging the Emergency Operations Centre
- Ensuring that security is in place for the Emergency Operations Centre and registration of Emergency Control Group members
- Ensuring that all members of the Emergency Control Group have necessary plans, resources, supplies, maps and equipment
- Providing advice and clarifications about the implementation details of the Emergency Response Plan
- Act as a resource to the Senior Municipal Official and assist in fulfilling their respective duties at the Emergency Operations Centre
- Ensure all outside agencies, neighbouring municipalities, ministries, etc. are advised of the declaration
- Liaise with EMO representatives either at the local or provincial level
- Provide guidance, direction and/or assistance to any emergency or support personnel at the Emergency Operations Centre, and/or any other location as required by the Emergency Control Group
- Ensuring liaison with community support agencies (e.g. Canadian Red Cross, Salvation Army) as required by the Emergency Control Group
- Assisting the Incident Commander as required by the Emergency Control Group
- Addressing any action items that may result from the activation of the Emergency Management Plan and keep the Emergency Control Group informed of implementation needs
- Maintaining the records and logs for the purpose of the debriefs and post-emergency reports; prepare debriefs and reports
- Maintain a personal log of all actions taken
- Coordinate the post-emergency debriefing

**CORPORATION OF THE MUNICIPALITY OF HURON EAST
EMERGENCY RESPONSE PLAN**

- Ensure the establishment of Post-Emergency Recovery Committee and maintain continuity between the emergency and recovery operations by participating in both groups
- Prepare a post-emergency report to Council

CORPORATION OF THE MUNICIPALITY OF HURON EAST
EMERGENCY RESPONSE PLAN

Ontario Provincial Police (O.P.P.) Official

Upon learning of a potential emergency, the O.P.P. Official or alternate should consider the possible need for activation of the emergency plan, and, if warranted, he/she should trigger the alert system. There upon he/she would report to the Emergency Operations Centre if requested to sit as a member of the ECG and to perform the following additional functions and responsibilities:

- Advising the Emergency Control Group regarding the protection of life, property, the provision of law and order, and conducting evacuations
- Establishing a site command post with communications to the Emergency Operations Centre
- Appoint a Police Incident Coordinator
- Depending on the nature of the emergency, assign the Incident Commander and inform the Emergency Control Group
- Liaising with the Director of EMS and providing an estimated number of casualties where required; and safety concerns at the site
- Notifying necessary emergency and community services, as required
- Notifying the Coroner regarding fatalities
- Coordinating all policing functions in support of the emergency site
- Advising the Emergency Control Group regarding the most effective use of police resources in support of the emergency response at the emergency site and external to the emergency site
- Establishing the inner perimeter within the emergency area
- Establishing the outer perimeter in the vicinity of the emergency to facilitate the movement of emergency vehicles and restrict access to all but essential emergency personnel
- Provide traffic control staff to facilitate the movement of emergency vehicles at the emergency site
- Alerting persons endangered by the emergency and coordinating evacuation procedures
- Providing police service in Emergency Operations Centre, evacuee centres, morgues, and other facilities as required

CORPORATION OF THE MUNICIPALITY OF HURON EAST
EMERGENCY RESPONSE PLAN

- Ensuring liaison with other community, provincial and federal police agencies, as required
- Establish physical security at the Emergency Operations Centre
- Maintain a personal log of all actions taken and participate in the post-emergency debriefing

CORPORATION OF THE MUNICIPALITY OF HURON EAST
EMERGENCY RESPONSE PLAN

Fire Chief

Upon learning of a potential emergency, the Fire Chief or alternate should consider the need for possible activation of the emergency plan, and, if warranted, he/she should trigger the emergency alert system. There upon he/she should report to the Emergency Operations Centre to sit as a member of the ECG and perform the following additional functions and responsibilities:

- Providing the Emergency Control Group with information and advice regarding all operations associated with fire suppression, fire prevention, hazardous materials response, and fire search and rescue
- Appointing a Fire Incident Coordinator
- Depending on the nature of the emergency, assign the Incident Commander and inform the Emergency Control Group
- Establishing an ongoing communications link with the Fire Incident Coordinator at the scene of the emergency
- Arrange for additional fire assistance through mutual aid arrangements for the provision of additional firefighters and equipment, if needed
- Arrange for additional services provided by the Fire Marshal of Ontario, if needed, through the Mutual Aid Coordinator and EMO
- Determining if additional or special equipment is needed and recommending possible sources of supply, i.e. breathing apparatus, protective clothing
- Providing assistance to other community departments and agencies and being prepared to take charge of or contribute to non-fire fighting operations if necessary, e.g., rescue, first aid, casualty collection, evacuation
- Advise the Emergency Control Group regarding the need to evacuate buildings, areas, or the demolition of structures, which present a danger
- Maintain a personal log of all actions taken and participate in the post-emergency debriefing

CORPORATION OF THE MUNICIPALITY OF HURON EAST
EMERGENCY RESPONSE PLAN

Public Works Manager

Upon learning of a potential emergency, the Public Works Manager should consider the need for possible activation of the emergency plan, and, if warranted, he/she should trigger the emergency alert system. There upon he/she should report to the Emergency Operations Centre to sit as a member of the ECG and perform the following additional functions and responsibilities:

- Advising the Emergency Control Group regarding the efficient and effective use of transportation, infrastructure, road maintenance, road clearing, road construction, sanitation resources, and any other engineering and public works matters
- Appoint a Public Works Incident Coordinator
- Depending on the nature of the emergency, assign the Incident Commander and inform the Emergency Control Group
- Establishing an ongoing communications link with the Public Works Incident Coordinator at the scene of the emergency
- Ensuring liaison with the public works representative from the neighbouring communities to ensure a coordinated response
- Ensure the provision of engineering assistance
- Ensuring construction, maintenance and repair of municipal roads
- Ensuring the maintenance of sanitary sewage and water systems
- Provide for equipment for emergency pumping operations
- Ensuring liaison with the Fire Coordinator/Chief concerning emergency water supplies for fire fighting purposes
- Provide for emergency potable water, supplies and sanitation facilities to the requirements of the Medical Officer of Health
- Determining the need for any special equipment or resources and recommending sources of supply to the Emergency Control Group
- Provide for specialized transportation and response equipment in support of the emergency site
- Discontinuing any public works service to any resident, as required, and restoring these services when appropriate
- Ensuring liaison with public utilities to disconnect any service representing a hazard and/or to arrange for the provision of alternate services or functions

CORPORATION OF THE MUNICIPALITY OF HURON EAST
EMERGENCY RESPONSE PLAN

- Provide for public works vehicles and equipment as required by any other emergency services
- Ensuring liaison with the conservation authority regarding flood control, conservation and environmental matters and being prepared to take preventative action
- Provide for testing and laboratory services to determine the presence of airborne, waterborne or latent toxic hazards
- Ensuring that barricades and flashers are delivered to the emergency site to establish traffic control points and emergency perimeters, as required
- Maintain access and egress to emergency site for emergency vehicles
- Prioritization of roads which will be restored and of which access will be maintained
- Maintain a personal log of all actions taken and participate in the post-emergency debriefing

CORPORATION OF THE MUNICIPALITY OF HURON EAST
EMERGENCY RESPONSE PLAN

Emergency Medical Service (EMS) Representative

Upon learning of a potential emergency, the EMS Representative should consider the need for possible activation of the emergency plan, and, if warranted, he/she should trigger the emergency alert system. There upon he/she should report to the Emergency Operations Centre if requested to sit as a member of the ECG and perform the following additional functions and responsibilities:

- Advising the Emergency Control Group on all aspects of emergency medical treatment, triage and transportation of the injured
- Appoint an EMS Incident Coordinator
- Depending on the nature of the emergency, assign the Incident Commander and inform the Emergency Control Group
- Establishing an ongoing communications link with the EMS Incident Coordinator at the scene of the emergency
- Obtaining EMS from other municipalities for support, if required
- Ensuring triage at the site
- Advising the Emergency Control Group if other means of transportation is required for large scale response
- Ensuring liaison with the receiving hospitals
- Ensuring liaison with the Medical Officer of Health, as required
- In conjunction with the EMS Incident Coordinator, assessing the need and initial request for special emergency health service resources at the emergency site, e.g. multi-patient units, support units, air ambulances, and forwarding these requests to the Central Ambulance Communications Centre
- Assisting with the organization and transporting of persons in health care facilities, homes for the aged, nursing homes and rest homes, which are to be evacuated, as required
- In conjunction with the Central Ambulance Communications Centre, providing the main communication link through dispatch among health services, and notifying and requesting assistance of the Ontario Ministry of Health and Long-term Care, Emergency Health Services branch
- Ensuring that first aid supplies are available at the emergency site(s) and the evacuation centre(s)
- Maintain a personal log of all actions taken and participate in the post-emergency debriefing

CORPORATION OF THE MUNICIPALITY OF HURON EAST
EMERGENCY RESPONSE PLAN

Health Unit Representative

Upon learning of a potential emergency, the Health Unit Representative should consider the need for possible activation of the emergency plan, and, if warranted, he/she should trigger the emergency alert system. There upon he/she should report to the Emergency Operations Centre if requested to sit as a member of the ECG and perform the following additional functions and responsibilities:

- Providing the Emergency Control Group with information and advice on all areas of Public and Environmental Health
- Appoint a Public Health Incident Coordinator (identified as the PDHU Incident Manager)
- Depending on the nature of the emergency, assign the Incident Commander and inform the Emergency Control Group
- Establishing an ongoing communications link with the Public Health Incident Management Team
- Assess the impact of the emergency situation on the health of the public
- Advise the public on matters concerning public health, through communication channels established by the Emergency Control Group
- Control communicable disease
- Provide advice on the health and safety aspects of emergency water supplies, sanitation, shelters, food supplies, mass feeding, garbage and sewage disposal
- Assist in response to stress reactions to the emergency (immediate and long term)
- Notify other agencies and senior levels of government of health matters relating to the emergency
- Ensuring liaison with the Director of EMS
- Coordinating the response to disease related emergencies or anticipated emergencies such as epidemics, according to Ministry of Health and Long Term Care policies
- Ensuring liaison with voluntary and private agencies, as required, for augmenting and coordinating public health resources
- Ensuring liaison with the Director of Social Services on areas of mutual concern regarding health services in evacuee centres

CORPORATION OF THE MUNICIPALITY OF HURON EAST
EMERGENCY RESPONSE PLAN

- When required, assisting the Incident Commander as appointed by the Emergency Control Group in fulfilling their responsibilities
- Maintain a personal log of all actions taken and participate in the post-emergency debriefing

CORPORATION OF THE MUNICIPALITY OF HURON EAST
EMERGENCY RESPONSE PLAN

Social Services Representative (Red Cross, Salvation Army etc)

A representative of the Social Services Department shall upon Municipal request shall report to the Emergency Operations Centre and sit as a member of the ECG and perform the following additional functions and responsibilities:

- Ensuring the well-being of residents who have been displaced from their homes by arranging emergency lodging, clothing, feeding, registration and inquiries and personal services due to the emergency
- Supervising the opening and operation of temporary and/or long-term evacuee centres, and ensuring they are adequately staffed and maintained
- Establish a communications link between the Emergency Operations Centre and the Emergency Evacuation Centre(s)
- Arranging for assistance from within the municipality from other organizations and agencies such as Children and Family Services, Canadian Red Cross, Victim Services etc.
- Liaison with the Medical Officer of Health on areas of mutual concern regarding operations in evacuee centres
- Ensuring that a representative of the district school boards are notified when facilities are required as evacuee reception centres, and that staff and volunteers utilizing the school facilities take direction from the Board representative(s) with respect to their maintenance, use and operation
- Ensuring liaison with nursing homes, homes for the aged, and rest homes as required
- Ensuring coordination of care of bed-ridden citizens and invalids at home and in evacuee centres during an emergency
- Making arrangements for meals for the staff/volunteers at the Emergency Operations Centre and at the site of the emergency
- Arranging for the emergency purchase of food, clothing, bedding, and supplies that cannot be obtained any other way
- Maintain a personal log of all actions taken and participate in the post-emergency debriefing

CORPORATION OF THE MUNICIPALITY OF HURON EAST
EMERGENCY RESPONSE PLAN

Responsibilities of the Huron County Roads Department

The Huron County Roads Superintendent, or alternate shall upon municipal request for involvement:

- notify members of the County Roads Department when notified of a municipal emergency situation;
- report to the Emergency Operations Centre to provide advice to the Head of Council on road related matters;
- maintain, clear and control County Roads;
- assist with traffic control, and evacuations by clearing emergency routes, marking obstacles, providing road signs for County and/or local roads as appropriate;
- provide engineer materials, supplies, equipment (including communication-equipped vehicles) and manpower as necessary to assist local municipalities.

CORPORATION OF THE MUNICIPALITY OF HURON EAST
EMERGENCY RESPONSE PLAN

Emergency Information Officer

- Advising the Emergency Control Group on all matters related to information to be presented to the public through the media, the monitoring of information being presented from the media, and taking direction from the Emergency Control Group
- Establishing a communication link with the Media Spokesperson and any other media coordinator(s), i.e. provincial, federal, private industry, etc., involved in the incident, ensuring that all information released to the media and public is timely, full, accurate and approved
- Ensuring that the Emergency Information Centre is set up and staffed and a site Emergency Information Centre, if required
- Ensuring liaison with the Emergency Control Group to obtain up-to-date information for media releases, coordinate individual interviews and organize press conferences
- Organize media briefings and preparing the Head of Council and other members of the Emergency Control Group prior to each media briefing, as required
- At the direction of the Emergency Control Group, communicating information regarding the emergency to the public through the media using media kits, news releases, press briefings, public service announcements, flyers, telephones, the internet, and public meetings, as required
- Ensuring that the following are advised of the telephone number of the media centre:
 - Media
 - Emergency Control Group
 - Switchboard (County, municipal and Emergency Services)
 - Media Spokesperson
 - OPP Communications Officer
 - Citizen Inquiry Supervisor
 - Neighbouring Communities
 - Any other appropriate persons, agencies or businesses
- Ensuring that the media releases are approved by the Senior Municipal Official, in consultation with the Emergency Control Group, prior to dissemination, and distributing hard copies of the media release to the Emergency Information Centre, the Emergency Control Group, and other key persons handling inquiries from the media
- Monitoring news coverage, and correcting any erroneous information and preparing appropriate responses
- Maintaining copies of media releases and newspaper articles pertaining to the emergency

CORPORATION OF THE MUNICIPALITY OF HURON EAST
EMERGENCY RESPONSE PLAN

- Coordinate media site tours with the Incident Commander and the on-site Media Spokesperson
- Ensuring communication with the Public Inquiry Bureau, regarding information to be provided to the public and information being requested by the public
- Attending all Emergency Control Group meetings in accordance with the operating cycle
- Coordinating media photograph sessions at the site when necessary and appropriate
- Coordinating on-site interviews between the emergency services personnel and the media
- Maintain a personal log of all actions taken and participate in the post-emergency debriefing

Appendix F – Media Contact Information

CORPORATION OF THE MUNICIPALITY OF HURON EAST
EMERGENCY RESPONSE PLAN

Emergency Operations Centre Recording Secretary

- Ensuring all important decisions made and actions taken by the Emergency Control Group are recorded
- Ensuring that maps and status boards are kept up to date
- Provide a process for registering Emergency Control Group members and maintaining a member list
- Notifying the required support and advisory staff of the emergency, and the location of the Emergency Operations Centre
- Post Emergency Control Group objectives and priorities
- Post action items and mark off what has been completed
- Arranging for printed material as required
- Coordinating the provision of clerical staff to assist in the Emergency Operations Centre, as required
- Upon direction by the Head of Council, ensuring that all council are advised of the declaration and termination of declaration of the emergency
- Upon direction by the Head of Council, arranging special meetings of council, as required, and advising members of council of the time, date, and location of the meetings
- Procuring staff to assist, as required
- Maintain a personal log of all actions taken

CORPORATION OF THE MUNICIPALITY OF HURON EAST
EMERGENCY RESPONSE PLAN

DECLARATION OF AN EMERGENCY

Declaration of an Emergency:

The Head of Council, or Acting Head of Council, of the Municipality has the legislative authority, under the provisions of the Emergency Management and Civil Protection Act, and are responsible for declaring an emergency. This decision is usually made in consultation with other members of the Emergency Control Group. When considering whether to declare an emergency, a positive response to one or more of the following criteria may indicate that a situation, whether actual or anticipated, warrants the declaration of an emergency:

- Is the situation an extraordinary event requiring extraordinary measures?
- Does the situation pose a danger of major proportions to life or property?
- Does the situation pose a threat to the provision of essential services (e.g. energy, potable water, sewage treatment/containment, supply of goods or medical care)?
- Does the situation threaten social order and the ability to govern?
- Is the event attracting significant media and/or public interest?
- Has there been a declaration of emergency by another level of government?
- Might legal action be taken against municipal employees or councilors related to their actions during the current crisis?
- Are volunteers assisting?
- Does the situation require a response that exceeds, or threatens to exceed the capabilities of the municipality for either resources or deployment of personnel?
- Does the situation create sufficient strain on the municipal response capability that areas within the municipality may be impacted by a lack of services, thereby further endangering life and property outside areas directly affected by the current crisis?
- Is it a consideration that the municipal response may be of such duration that additional personnel and resources may be required to maintain the continuity of operations?
- Does, or might, the situation require provincial support or resources?
- Does, or might, the situation require assistance from the provincial or federal government (e.g. military equipment)?
- Does the situation involve a structural collapse?
- Is the situation a large-scale or complex chemical, biological, radiological, or nuclear (CBRN) incident?
- Does the situation require, or have the potential to require the evacuation and/or shelter of people or animals [livestock] from your municipality?
- Will your municipality be receiving evacuees from another community?
- Does the situation pose a large-scale disruption to routine patterns of transportation, or re-routing of large numbers of people and vehicles?
- Is an event likely to have a long term negative impact on a community's economic viability/sustainability, including resulting unemployment, lack of available banking services and restorative measures necessary to re-establish commercial activity?
- Is it possible that a specific person, corporation, or other party has caused the situation?

CORPORATION OF THE MUNICIPALITY OF HURON EAST EMERGENCY RESPONSE PLAN

Upon declaring an emergency, the Head of Council will complete the Declaration of an Emergency Form (Appendix G) and will notify:

- Emergency Management Ontario, Ministry of Community Safety and Correctional Services
- Municipal Council
- Public
- Neighbouring community officials, if required
- Local Member of the Provincial Parliament (MPP), if required
- Local Member of Parliament (MP), if required
- Ministry of Municipal Affairs, if required

An emergency declaration is not required prior to any municipal personnel taking actions under this plan to protect the lives, health, safety, and property of the inhabitants of the Municipality. An emergency declaration, however, can often encourage greater public compliance, and understanding of the severity of an emergency situation.

Termination of an Emergency:

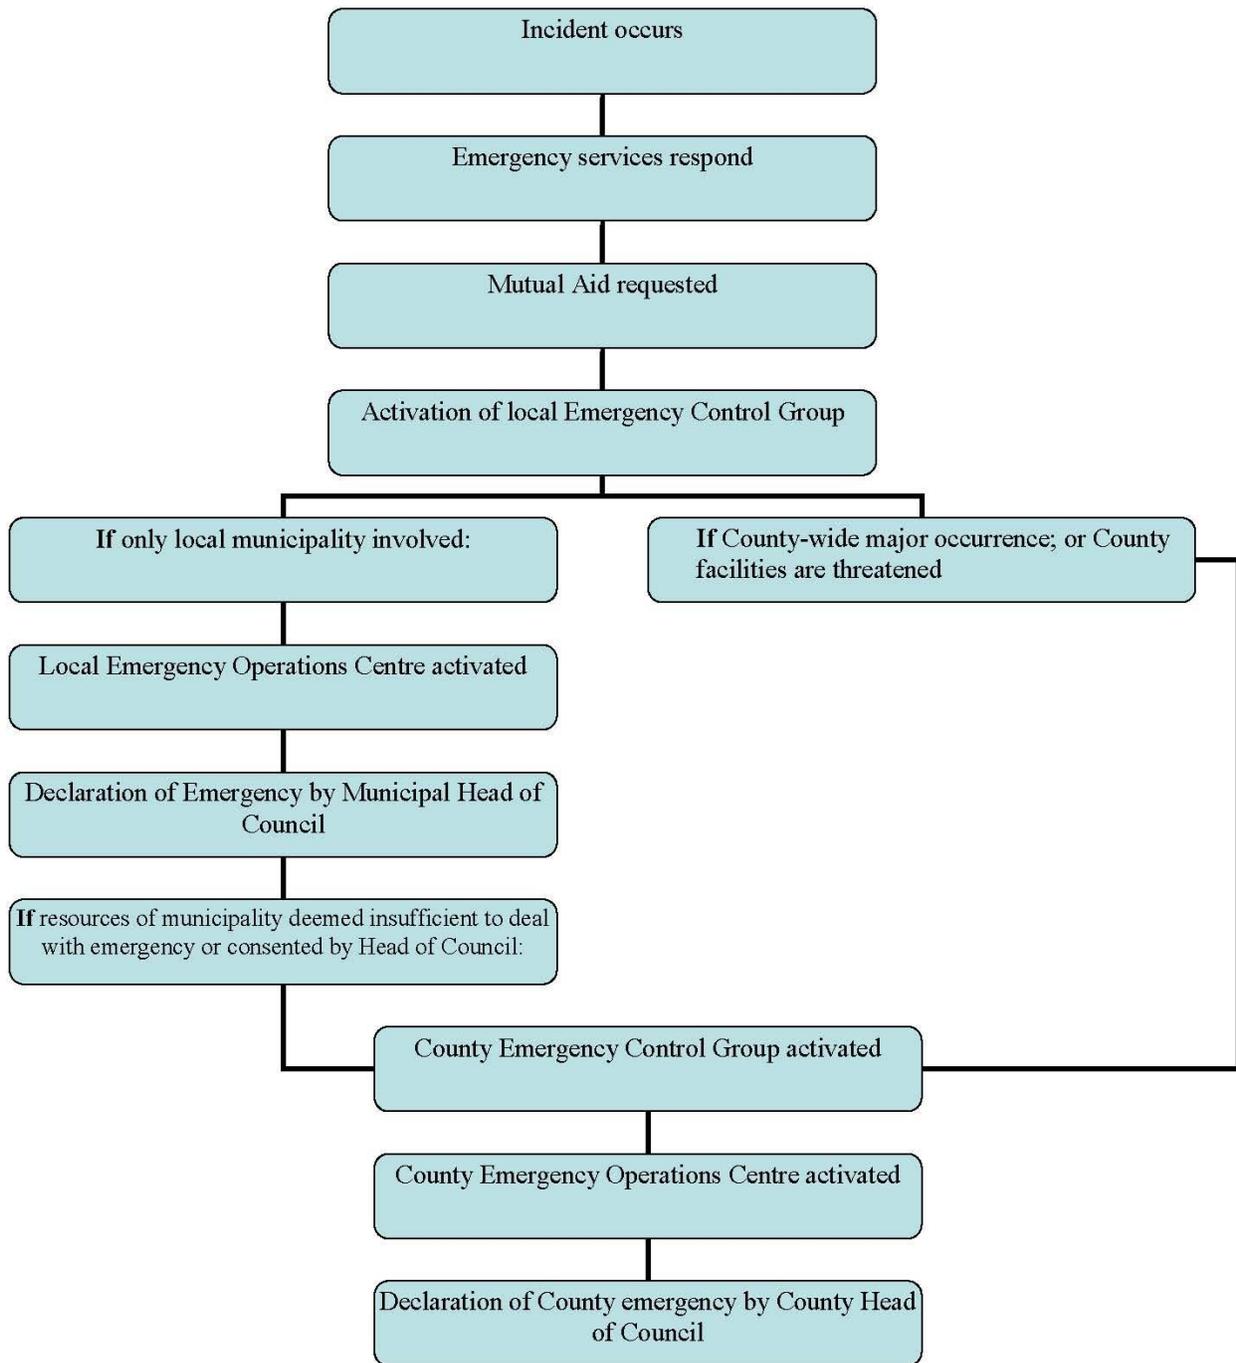

A community emergency may be terminated at any time by:

- The Head of Council, or acting Head of Council
- County Council and/or Municipal Council
- Premier of Ontario

When terminating an emergency, the Head of Council will complete Termination of a Declared Emergency Form (Appendix H) and will notify and same agencies you notified of the emergency.

EMERGENCY RESPONSE PLAN**

Diagram # 1 – Steps Leading to the Declaration of an Emergency

CORPORATION OF THE MUNICIPALITY OF HURON EAST

EMERGENCY RESPONSE PLAN

Requests for Assistance

County Assistance: Assistance may be requested from the County at any time by contacting the County Warden. The request shall not be deemed to be a request that the County assume authority and control of the emergency. The County of Huron is neither empowered to declare an emergency nor to direct the activities of lower tier municipalities in responding to an emergency, unless the municipality(s) involved requests such assistance. See appendix I - County of Huron Contact Information.

Provincial Assistance: Assistance may also be requested from the Province of Ontario at any time without any loss of control or authority. A request for assistance should be made by contacting Emergency Management Ontario. If an emergency is declared, Emergency Management Ontario will normally deploy an EMO Field Officer to the local Emergency Operations Centre to assist the community with the emergency response. The EMO Field Officer will be the link between the municipality and the province for both provincial, and if necessary, federal assistance. See Appendix J - Provincial Contact Information

Mutual Aid/Assistance Agreements: Mutual aid/assistance agreements ensure aid required to effectively manage an emergency. Aid provided may include services, personnel, equipment and materials. Mutual aid/assistance agreements enable municipalities, in advance of an emergency, to set the terms and conditions of the assistance which may be requested or provided. Municipalities requesting and providing assistance are therefore not required to negotiate the basic terms and conditions of the request at the time of an emergency and may request, offer or receive assistance according to the predetermined and mutually agreeable arrangements. The request or response to a request of a neighbouring municipality is the responsibility of the Senior Municipal Official. The request to execute the County of Huron Fire Mutual and Aid Plan will be the responsibility of the municipal Fire Chief or County Fire Coordinator. The request for such assistance and execution of a mutual assistance agreement will be made in consultation with the Emergency Control Group. Alternatively, the request to execute a mutual assistance agreement with a neighbouring municipality will be made by the Senior Municipal Official. See Appendix K & L

Huron County Mutual Assistance Agreement

CORPORATION OF THE MUNICIPALITY OF HURON EAST

EMERGENCY RESPONSE PLAN

EMERGENCY RESPONSE

Incident Management System (IMS): A standardized approach to emergency management ensures a consistent, coordinated and controlled approach to decision-making, identifying objectives, establishing incident priorities, integrated response, managed resources and provides life-safety for responders and the community. The organizational structure of an Incident Management System should be adaptable to any incident regardless of type or complexity. Any Incident Management System used during an emergency must be expandable and easily applied to small routine incidents up to and including large multi-agency operations.

Common Terminology: In order for an IMS structure to succeed, terminology for the organizational elements must be standard and consistent. Common names for all resources should be used within IMS and any resource that varies in capability must be clearly identified. The Command post, incident base and staging areas should all have common identifiers.

Modular Organization: The IMS organizational structure builds from the top down with responsibility and performance placed initially with the Incident Commander. As the need exists, three to four separate sections can be developed, each with its own responsibilities, i.e. Operations, Planning, Logistics, and Administration. If one individual can manage all the areas, no further organization is required. If one or more of the areas requires independent management, an individual is named to be responsible for that area.

Integrated Communications: All communication between organizational elements at an incident should be in plain English. All communications should be confined to essential traffic only. Tactical or special channels should be pre-designated and utilized. Key elements can be assigned specific communication routes.

Unified Command Structure: Unity of command exists within a unit, i.e. EMS Incident Coordinator reports to the First Responder Lead who reports to the Operations Chief. Incidents can be multi-jurisdictional requiring cooperation of several agencies under a single command. The unified command structure enables single directional objectives and maximum resource utilization.

Consolidated Action Plans: Every incident requires an action plan when:

- multiple-agency resources are used
- multiple jurisdictions are involved
- the incident is large and requires staging and triage
- there will be changes in equipment or personnel

The emergency site team decides on mitigation strategies and tactics to limit the threat to people, property and the environment at the emergency site.

Manageable Span-of-Control: Each individual should supervise a maximum of seven personnel, however an ideal ratio is 5:1. The nature of the incident, hazards, and distances between IMS elements influences control. Anticipate change and be prepared.

CORPORATION OF THE MUNICIPALITY OF HURON EAST

EMERGENCY RESPONSE PLAN

Incident Facilities: Incident facilities include the following:

- Emergency Operations Centre
- On-site Command Post
- Staging areas
- Triage area
- Resource storage
- Morgue

Comprehensive Resource Management: Resource management, consisting as a single unit or a team, ensures maximum resource utilization while minimizing the response of private citizens. It allows for consistent tracking and evaluation, ensures safety and minimizes risk, and supports effective communication.

Operations:

- Conducts front line/tactical operations to carry out the plan
- Develops tactical objectives
- Organizes and directs resources

Planning:

- Assess immediate impact of the emergency
- Collects and evaluates information and intelligence
- Maintains resource status
- Address long-term consequences of the emergency
- Establishes plans for recovery/return to normal operations

Logistics:

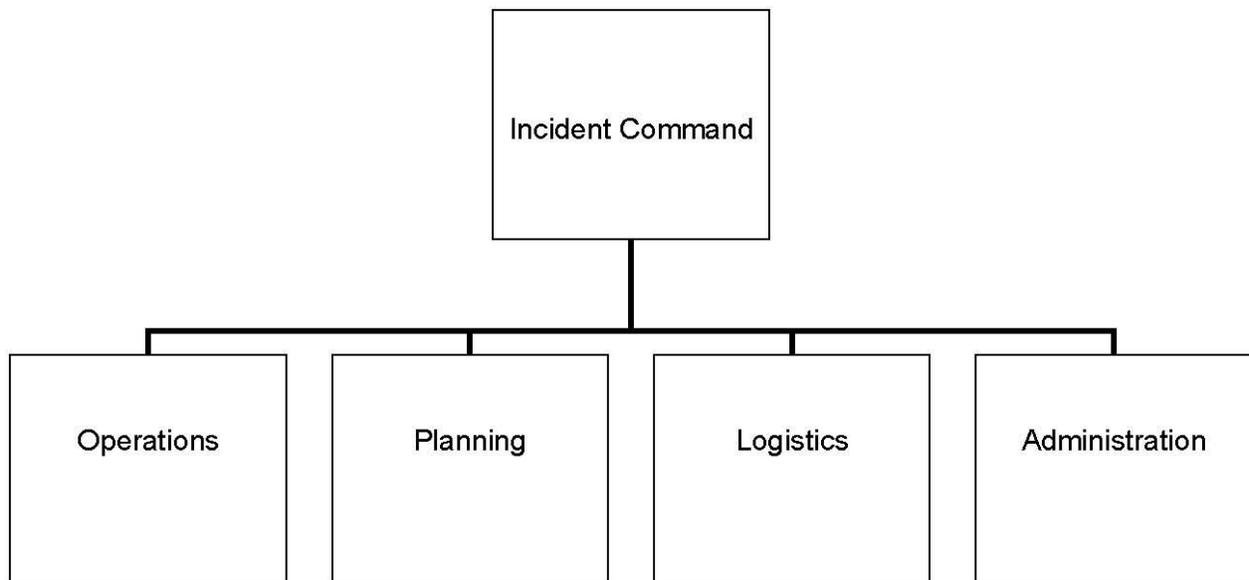

- Supports Operations
- Coordinate resources and services to meet the needs of the incident and the organization

Administration/Finance:

- Monitors costs related to the incident
- Provides accounting
- Procurement
- Time recording and cost analyses
- Administrative support for the IMS organization
- Seek disaster financial assistance

**CORPORATION OF THE MUNICIPALITY OF HURON EAST
EMERGENCY RESPONSE PLAN**

IMS Key Management Organization:

Incident Command Appointment: The Incident Commander is appointed by the Emergency Control Group, and is usually the Incident Coordinator from the lead emergency response agency. Once appointed, he/she assumes responsibility for overall coordination of all operations at the emergency site, but no longer command of any specific response organization. Each emergency response organization will have a Chief or Incident Coordinator at the emergency site, which will then liaise with the Incident Commander.

Transfer of Command: To relieve the Incident Commander, the Emergency Control Group or Incident Commander will appoint the Second in Command as the Incident Commander, as required.

Authority of the Incident Commander:

- Call meetings of the Chiefs or Incident Coordinators to share information, establish common goals, objectives and prioritize limited available resources where required
- Mediate conflicts between emergency responders and contact the Senior Municipal Officer at the Emergency Operations Centre if they are unable to resolve the issue
- Request assistance from responding organizations and/or the Emergency Control Group for communications, resources and other site management tools
- Request additional resources for the Emergency Site through the Senior Municipal Official and other members of the Emergency Control Group

CORPORATION OF THE MUNICIPALITY OF HURON EAST
EMERGENCY RESPONSE PLAN

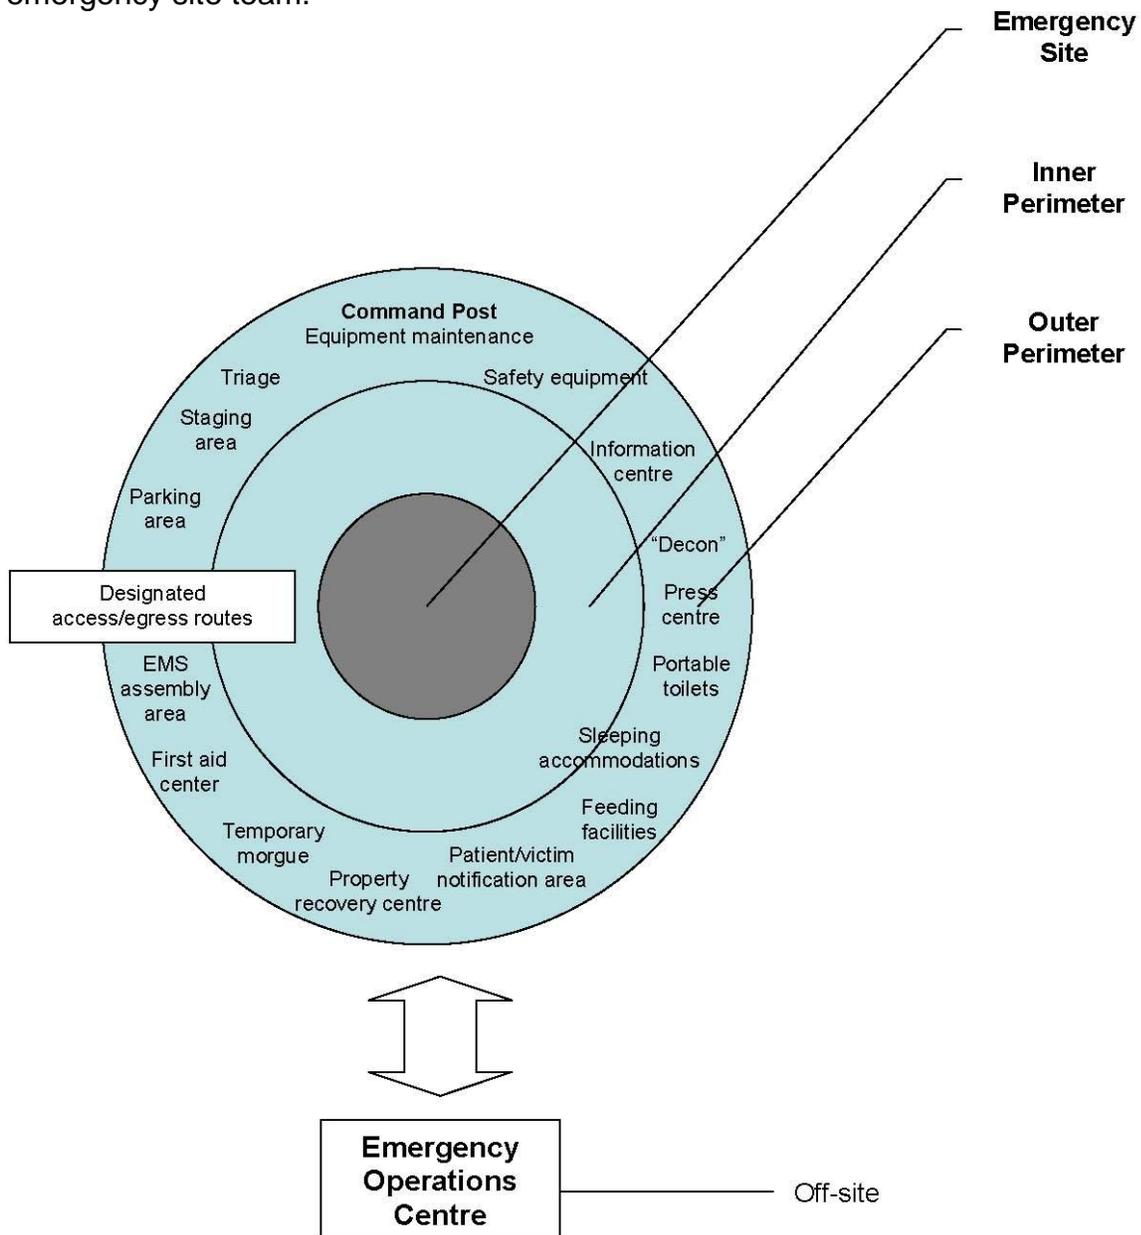

Responsibilities of the Incident Commander:

- Assess the situation
- Ensuring that objectives, priorities, tasks and tactics are established to contain and mitigate the emergency situation
- Establish an incident command post
- Consulting and coordinating with Chiefs to establish an inner and outer perimeter around the emergency site, as required
- Ensuring that all are aware of personnel, material and human resources available to mitigate the emergency situation
- Ensure the health and safety of all persons at the emergency site
- Maintaining a communications link with the Senior Municipal Official at the Emergency Operations Centre
- Coordinate the activities of the Chiefs or Incident Coordinators
- Coordinate with key personnel and officials
- Appointing an On-site Media Spokesperson upon consultation with the Senior Municipal Officer and the Emergency Control Group, as required
- Appoint a scribe as needed
- Ensuring that all responsible organization commanders meet on a regular basis to update each other on individual organization actions and progress made, to share information, to set common priorities, to set common objectives and determine what additional resources may be required
- Understanding the laws and policies that may be considered during management or recovery of the emergency

**CORPORATION OF THE MUNICIPALITY OF HURON EAST
EMERGENCY RESPONSE PLAN**

EMERGENCY SITE SET-UP

All response operations within the outer perimeter are the responsibility of the emergency site team.

All response operations outside the outer perimeter are the responsibility of the Emergency Control Group.

Upon implementation of the Emergency Response Plan, it is crucial to ensure that timely and accurate communications are established between the emergency site and the Emergency Operations Centre. Also, communications may be required at various locations including evacuation centres, hospitals, and other key responding agencies. Radio communications are least susceptible to damage or interruption in time of emergency. A radio relay dispatch system set up between the emergency site and the operations centre as well as radio communication with other communities will ensure that outside agencies will be well informed of the status of the emergency. Telephone landlines may be used as a means of communication but the Emergency Operations

CORPORATION OF THE MUNICIPALITY OF HURON EAST
EMERGENCY RESPONSE PLAN

Centre will require numerous lines and instruments to ensure good information flow and to protect against possible system failures. In addition, the Amateur Radio Emergency Services may be available to provide support communications or emergency communications should other forms fail. Other forms of telecommunication such as cellular phones, fax machines, email, and Internet may be used to supplement or enhance emergency telecommunications between the Emergency Operations Centre, the emergency site, outside agencies, and other communities. Care will be required when using alternate forms of communication to ensure security of information being disseminated. Cell phones are not recommended as a form of emergency communication. However, if cell sites are operating and functional, this form of telecommunications may be used to enhance emergency operations. It should be noted that this form of communication is not very secure. Each agency in the Emergency Operations Centre communicates with its respective coordinator/supervisor at the emergency site. Although the coordinators/supervisors maintain open communication with their dispatch centre, strong channels are developed between the site coordinators/supervisors and the Emergency Control Group.

CORPORATION OF THE MUNICIPALITY OF HURON EAST
EMERGENCY RESPONSE PLAN

COORDINATION WITH OTHER AGENCIES

Provincial Chemical, Biological, Radiological, Nuclear, Explosion (CBRNE) Response Team and Heavy Urban Search and Rescue (HUSAR) Team:

Teams may be activated through the County Fire Coordinator, subject to the following conditions being met:

- The local municipality has responded but has insufficient resources or capability to effectively deal with or resolve the situation
- Appropriate resources available throughout the County are also insufficient to effectively deal with or resolve the situation
- The Fire Coordinator, or alternate, for the County has verified that the two conditions above have been met
- The municipality has declared an emergency, or is in the process of doing so

A “significant emergency” is defined as:

- A large-scale or complex natural or human caused chemical, biological, radiological, nuclear or explosion emergency, or
- A large-scale or complex natural or human caused heavy urban search and rescue emergency

To request the assistance of the teams, the Fire Coordinator contacts the Provincial Operations Centre and provides information about the emergency, including the exact location. Once it has been determined by the Provincial Operations Centre that the incident in question is a “significant emergency” and that the conditions listed above have been met, appropriate approval will be given to deploy the resources of one or more of the teams to the scene. Concurrently, the Provincial Operations Centre will contact the Ontario Fire Marshall to request that its support personnel and equipment be deployed. The Provincial Operations Centre will also deploy the Provincial Emergency Response Team (PERT) to provide advice and assistance to community officials. If necessary and appropriate, the OPP Provincial Emergency Response Team will also be deployed. A fire department may have to respond to incidents that are not “significant emergencies” but that nonetheless are beyond the fire department’s capabilities and require additional resources. In these situations, the Fire Coordinator may contact the Provincial Operations Centre.

Arrangements will then be made to contact the Ontario Fire Marshall to request technical and/or equipment support in order to potentially resolve the situation. The Ontario Fire Marshall may in turn request specialized technical expertise form the memorandums of understanding partners or other sources of assistance to help the local response.

The Provincial Emergency Operations Centre (PEOC) can be reached by calling –
1-866-314-0472

Above information taken from the Fire Marshal’s Communique – 2004-03, dated January 21, 2004.

CORPORATION OF THE MUNICIPALITY OF HURON EAST
EMERGENCY RESPONSE PLAN

Emergency Medical Assistance Team (EMAT)

The Emergency Medical Assistance Team can provide the services of a 20-bed, acute care field unit in any community in which the local healthcare system is unable to manage a large number of patients due to a health emergency caused by a severe respiratory illness. It can be deployed within 24 hours to any community in the province with road access if the set of conditions and criteria below are met: Conditions to be met prior to requesting EMAT:

- Emergency is focused on a severe respiratory illness
- Code Orange invoked by hospital
- Municipal Emergency Plan implemented
- Efforts to transfer patients out of hospital/region as appropriate have been, or will rapidly become, inadequate
- Resolution of emergency is predicted to be greater than 6 hours + EMAT response and travel time

Criteria for deployment of EMAT:

1. Local hospital and regional acute care resources overwhelmed by emergency defined by:
 - Labour availability inadequate to meet requirements
 - Physical resources overwhelmed
 - Other mitigating factors
 - Single hospital community
 - Length of emergency and impact on local health services and resources
 - Community infrastructure unable to meet demands

2. Local hospital and regional acute care resources physically incapacitated by emergency and unable to care for current and/or anticipated in-hospital acute care patients
 - Volume of patients cannot be managed

Process for Implementation:

- Local hospital contacts the Ministry's Emergency Management Unit 24 hour hotline: 1-866-212-2272

CORPORATION OF THE MUNICIPALITY OF HURON EAST
EMERGENCY RESPONSE PLAN

Spills Action Centre:

The Spills Action Centre, staffed on a 24-hour basis, receives and records province-wide reports of spills and coordinates appropriate responses. Spills are defined as releases of pollutants into the natural environment originating from a structure, vehicle, or other container, and that are abnormal in light of all circumstances. Spills must be reported immediately to the Ministry of the Environment and to the municipality when they cause or are likely to cause any of the following:

- Impairment to the quality of the natural environment – air, water, or land
- Injury or damage to property or animal life
- Adverse health effects
- Safety risk
- Making property, plant, or animal life unfit for use
- Loss of enjoyment of normal use of property
- Interference with the normal conduct of business

If there is a spill or other environmental emergency, the Spills Action Centre can be reached at: **1-800-268-6060**

CANUTEC - Canadian Transport Emergency Centre Technical Support:

CANUTEC staff does not go to the site of an incident regarding the transportation of dangerous goods. Advice and information are provided by telephone regarding:

- Chemical, physical and toxicological properties and incompatibilities of the dangerous goods
- Health hazards and first aid
- Fire, explosion, spill or leak hazards
- Remedial actions for the protection of life, property and the environment
- Evacuation distances
- Personal protective clothing and decontamination

The CANUTEC 24 hour emergency support centre can be reached at: **613-992-4624**

Public Safety and Emergency Preparedness Canada:

All federal resources, military equipment, aircraft, services, and activation of emergency plans and procedures must be requested via the Provincial Operations Centre.

CORPORATION OF THE MUNICIPALITY OF HURON EAST EMERGENCY RESPONSE PLAN

Ontario Disaster Relief Assistance Program (ODRAP) – Ministry of Municipal Affairs and Housing:

ODRAP is intended to alleviate some of the hardship suffered by private homeowners, farmers, small business enterprises and non-profit organizations, whose essential property has been damaged during a sudden and unexpected natural disaster. ODRAP provides fund to those who have sustained heavy losses for essential items such as shelter and “necessities of life”. ODRAP provides assistance when damages are so extensive that they exceed the financial resources of affected individuals, the municipality or community at large, but does not cover damages to privately owned, non-essential property, nor to essential property where private insurance is normally available. The Minister of Municipal Affairs and Housing is authorized to declare a “disaster area” for the purposes of the ODRAP program. The municipal council asking for assistance under the ODRAP program must adopt a resolution outlining the following:

- The municipality’s request for a disaster area declaration.
- Whether all or a specified portion of the municipality is to be declared a disaster area.

The request for a disaster area declaration must be submitted to the Minister of Municipal Affairs and Housing within 14 working days of the date of the disaster. Further ODRAP information, procedures and application documentation is available with the CEMC.

Neighbouring Municipalities:

Neighbouring municipalities to the Municipality of Huron East have and are ready to implement their emergency plans, as required. See Appendix M for contact list of all neighbouring municipalities.

Canadian Red Cross:

Emergency Evacuation Centres may be set up and managed by the Canadian Red Cross. **(Agreement to be made up and added as an appendix).**

The Canadian Red Cross will be responsible for:

- Registration and Inquiry
- Personal needs
- Food and Beverage Centre
- Clothing Centre
- Lodging Centre

Victim Services:

Victim Services of Huron County is a community based service, which is dedicated to providing short term emotional support, practical assistance and community referral to victims of crime, trauma and tragic circumstance in partnership with community and emergency services. Community volunteers provide for the victim's immediate needs and supply referrals to existing community services if longer term care is required. Victim Services will be contacted through local emergency services (police, fire or ambulance). See Appendix S - Vital Services Directory for their 24/7 hotline number.

CORPORATION OF THE MUNICIPALITY OF HURON EAST
EMERGENCY RESPONSE PLAN

Amateur Radio Emergency Service (ARES):

ARES can provide radio links between the Emergency Operations Centre, Evacuation Centres and the Emergency Site, as well as locations such as local hospitals that may be affected by land-line and/or cell phone system failure. Since communications are such a critical part of a successful response, ARES should be contacted immediately if conventional communications are not available.

Huron County ARES are currently in the stages of forming a group. Once they become established, Contact Information will be found in Appendix S - Vital Services Directory.

Conservation Authorities:

Both the Maitland Valley Conservation Authority and the Ausable Bayfield Conservation Authority maintain a Flood Contingency Plan applicable to all areas with its jurisdiction. These plans are updated yearly and copies are kept with the CEMC. Please see Appendix O – Flood Procedures & Conservation Authorities Contact Lists
Appendix P - Map of Flood Prone Areas in Huron East

CORPORATION OF THE MUNICIPALITY OF HURON EAST
EMERGENCY RESPONSE PLAN

VOLUNTEER MANAGEMENT

Definition - Community Volunteers are people not attached or associated with a formal organization or recognized support group such as the Red Cross, St. John Ambulance or the Salvation Army.

Community Volunteers and Additional Human Resources - Under certain circumstances it may be necessary to issue appeals to the public for volunteers with certain skills to assist in controlling an emergency. This should not be done until all available municipal personnel or members of recognized support groups with similar skills have been called upon, and then only under the authority of the Head of Council. The Emergency Control Group will determine the number of volunteers required, their skills, tools to be brought, and the assembly point to which they are to report. The appeal is written by the Emergency Information Officer in consultation with the Emergency Control Group to be provided to the media in a clear and consistent manner. The Emergency Information Officer will also write a cancellation broadcast as soon as the required number of volunteers has enrolled. All volunteers must register for insurance coverage purposes and to be dispatched to the area where they are required. Please see Appendix Q- Volunteer Registration Form

CORPORATION OF THE MUNICIPALITY OF HURON EAST
EMERGENCY RESPONSE PLAN

PUBLIC SAFETY

Evacuation - takes place when it is determined by the Emergency Control Group that there is an absolute need to evacuate an area, usually on a large-scale, possibly for a long period of time (i.e. more than 24 hours). Municipal employees would recommend Mandatory Evacuation to the Emergency Control Group when there is an absolute need to evacuate an area on a large scale, possibly for a long period of time during an emergency

When to Evacuate - The logistics of evacuating a segment of the community is usually overwhelming. The Emergency Control Group must evaluate the following criteria before making the decision to conduct an evacuation:

- Is there enough time to evacuate the affected area? This includes notifying the citizens, setting up a reception centre, activating additional resources.
- Is the problem likely to escalate?
- What would the impact be if it does?
- Are toxic gases involved?
- How long is the incident likely to continue?
- What are the existing resources?

Public Notification - The Municipality may utilize a phone fan-out process which builds on community ties to inform as many people as possible within the community of an evacuation. Additionally, door to door canvassing by means of loud mics on both police and fire vehicles and knocking on doors will be conducted, possibly utilizing volunteers or emergency responders. Local media outlets will be contacted to direct people as to what to do and where to go.

How to Evacuate - The following evacuation steps should be completed by the Emergency Control Group:

1. Assess the situation
2. Consider possible escalation of the situation
3. Make the decision to evacuate
4. Decide what the evacuation parameters are
5. Determine which pre-approved Emergency Evacuation Centres are going to be used.
6. Activate the Perth County Social Services Emergency Plan to set up the Evacuation Centres
7. Establish communication with the Evacuation Centres
8. Prepare a Public Notification news release
9. Notify the local radio and TV stations to broadcast the Public Notification News Release
10. Conduct follow-up actions

CORPORATION OF THE MUNICIPALITY OF HURON EAST **EMERGENCY RESPONSE PLAN**

Roles and Responsibilities of the Emergency Control Group - In addition to the roles and responsibilities described in this Emergency Response Plan, the Emergency Control Group is also responsible for the following in regards to an evacuation:

- Advising the Head of Council as to whether the declaration of an emergency and a mandatory evacuation is recommended
- Arranging for services and equipment from local agencies not under municipal control, i.e. private contractors, volunteer agencies, service clubs, etc.
- Deciding to evacuate buildings or sections within an emergency area which are themselves considered to be dangerous or in which the occupants are considered to be in danger from some other source
- Arranging for accommodation and well-being, on a temporary basis, of any residents who are in need of assistance due to displacement as a result of the emergency
- Determining if additional transport is required for evacuation or transport of persons and/or supplies
- Ensuring that pertinent information regarding the emergency is promptly forwarded to the Emergency Information Officer for dissemination to the media and public
- Establishing a reporting and inquiry call-in centre to handle individual requests for information concerning any aspect of the emergency
- Advising the Head of Council when and why to terminate an emergency/evacuation order

Evacuation Centre Operation - The Evacuation Centre will be set up and managed with assistance from the Social Services Department and Canadian Red Cross. When a decision is made to open an Evacuation Centre, the Director of Social Services will require the following information:

- The nature and extent of the disaster
- The anticipated number of evacuees
- The location of the Evacuation Centre
- The expected duration of the evacuation

Essential services provided at the Evacuation Centre may include:

- Registration and Inquiry
- Personal needs
- Food and Beverage Centre
- Clothing Centre
- Lodging Centre
- First Aid
- Security

The media will not be allowed in the Evacuation Centre for the sake of privacy and security of the evacuees. Media will be directed by the Emergency Information Officer to an appropriate media conference site.

Huron County Social Services in conjunction with the Canadian Red Cross conducted a Shelter Survey. This survey is maintained by Social Services and each Huron County CEMC has a copy for their municipality. See also Appendix R - Evacuation Sites and Contacts.

CORPORATION OF THE MUNICIPALITY OF HURON EAST EMERGENCY RESPONSE PLAN

When to order Shelter-in-Place - Shelter-in-place should be ordered when:

- The situation will be short lived, such as a toxic vapour cloud passing over the community
- The law of averages suggests loss of property and life will be less if people are not centralized, such as during a tornado
- Time is not available
- The velocity of the wind is high and the direction is well defined

How to Shelter-in-Place The following instructions should be provided to the public during a shelter-in-place order:

- Go indoors and stay there
- Close all outside doors and every door inside the building
- Close all windows
- Seal the cracks around doorways with wide tape and a rolled damp towel at the floor space
- Tape a piece of plastic over the window to seal it
- Do not use bathroom or kitchen vents
- Set thermostats, so air conditioners, furnaces and hot water heaters will not come on
- Do not use fireplaces. Close all dampers.
- Do not operate clothes dryer
- Shelter in an inside room away from windows and doors, if possible
- Stay tuned to local television or radio stations for information
- Do not leave the building until told to do so
- Do not use the telephone; you may tie up the phone lines.

CORPORATION OF THE MUNICIPALITY OF HURON EAST

EMERGENCY RESPONSE PLAN

EMERGENCY INFORMATION

Introduction - Upon implementation of the Emergency Response Plan, it will be important to coordinate the timely release of accurate information to the news media, issue authoritative instructions to the public, and respond to or redirect individual requests for, or reports on, information concerning any aspect of the emergency. In order to fulfill these functions during an emergency, the following Emergency Information Team will be established as required:

- Emergency Information Officer
- On-site Emergency Information Officer (to be appointed by the Emergency Control Group as required)
- Media Spokesperson
- On-site Media Spokesperson (to be appointed by the Incident Commander as required)
- Citizen Inquiry Supervisor (to be appointed by the Senior Municipal Official as per the nature of the emergency)

The Huron OPP has a designated Media Relations Officer that will be available on request. Other assistance may be available from Emergency Management Ontario.

Approval of Emergency Information - News releases, media advisories, and updates regarding the emergency will be drafted by the Emergency Information Officer. All media information must have final approval from the Emergency Control Group before distribution. Technical information (i.e. website “hot buttons”, fact sheets) does not require pre-approval from the Emergency Control Group. However, hardcopies or emails of this documentation must be provided to the Emergency Information Officer to be forwarded to the Emergency Control Group and other stakeholders for their information.

Audiences - During an emergency there are a number of internal and external audiences that will require information. The following is a listing of those audiences that may require specific information during an emergency. It is important to consider the audience that is to be targeted when preparing and disseminating information.

Internal Audiences:

- Incident Commander
- First Responders
- Council
- Citizen Inquiry Supervisor
- Staff

External Audiences:

- Evacuation centres, shelters, Family Information Centres
- Provincial government – EMO
- County/other municipalities in Perth
- Neighbouring municipalities
- Members of Parliament
- Members of Provincial Parliament
- Families of municipal staff and first responders

CORPORATION OF THE MUNICIPALITY OF HURON EAST EMERGENCY RESPONSE PLAN

- General public
- Media
- Local businesses
- Non-government agencies and volunteer organizations

Communications Flow:

Internal Communication Flow -It is the responsibility of the Emergency Control Group to provide information to the Incident Commander with respect to decisions being made in the Emergency Operations Centre and to ensure that the Incident Commander is aware of all of the information that is being sent out to the external audiences. Each member of the Emergency Control Group is responsible for ensuring that decisions and actions being made and taken by the Emergency Control Group are conveyed to their staff both at the site and off site.

External Communication Flow - A primary function of the Emergency Control Group is to gather and manage information during an emergency. Information will be gathered during Operation Cycle meetings at the Emergency Operations Centre, from the site, and by monitoring media reports to ensure that the information being conveyed is accurate. Where necessary, the general public will be notified by a press conference or news release. Note that all senior officials must clear all news releases regarding death or criminal activity from the Ontario Provincial Police.

Distribution of Emergency Information - Emergency information products and practices that can be used to distribute information to the media and public include: Media Advisories – brief messages or announcements, such as the time and location of an upcoming news conference.

- News Releases – key information about the incident or emergency.
- Fact Sheets – pre-written detailed information provided about the Municipality's Emergency Management Program, the history of emergency events in the area, etc.
- Websites – an excellent means to update a large portion of the public in a minimal amount of time.
- Citizen Inquiry Line – provides members of the public with a phone number to call in order to get more information.
- Media scrums – informal briefings provided to the media by the Media Spokesperson.
- News Conferences – formal and moderated meetings between key officials/Media Spokespersons and the media.
- Newsletters – direct mailings to the public.
- Information Phone Line – Citizen Inquiry Phone Line established to directly answer the public's questions.

Emergency Information Centre - Emergency information related to routine or non-complex incidents can generally be handled from an emergency site, or other municipal offices by the Emergency Information Officer. However, large-scale and or complex incidents and emergencies may necessitate establishing an Emergency Information Centre, directed by the Emergency Information Officer. Depending on the full scope of the emergency, there will possibly be a need to establish two Emergency Information Centres. One will be near the scene for the On-site Emergency Information Officer, and the other will be near, but not at the Emergency Operations Centre.

CORPORATION OF THE MUNICIPALITY OF HURON EAST
EMERGENCY RESPONSE PLAN

EMERGENCY RECOVERY

Introduction - It is the responsibility of the Emergency Control Group to establish a Post-Emergency Recovery Committee, of which its role is to return the community and its citizens to its pre-emergency state as much as possible. The Emergency Recovery Plan will be activated at the direction of the Emergency Control Group, consistent with the Emergency Response Plan, normally occurring once the immediate response to the emergency has been completed. It is possible to be undertaking emergency response and recovery measures simultaneously. Recovery efforts may be initiated while a state of emergency is still in effect. Generally, the lead agency of the emergency will remain the lead agency of the recovery. Recovery shall be addressed by Human Needs, Infrastructure, and Financial. Subcommittees will be formed to address these issues, as required.

Responsibilities of Post-Emergency Recovery Committee - Roles and responsibilities of the Post-Emergency Recovery Committee are as follows:

- Appoint a Committee Chair
- Establish the following subcommittees:
 - Human Needs
 - Infrastructure
 - Finance
- Establish a committee operating cycle
- Ensure that Municipal elected officials and the public are informed of the status and activities of the recovery process
- Ensure that Senior Municipal Officials from neighbouring municipalities are kept abreast of recovery activities that may have an impact on those municipalities, or other municipalities whose resources may be required
- Receive information from, and providing direction to the Recovery subcommittees to ensure necessary services are provided and being coordinated
- Provide recommendations to Council concerning expenditure of funds, new by-laws or changes to existing by-laws and such other matters as may require Council approval
- Ensure continuity of mandated services to those residents not affected by the emergency
- Decide on the termination of recovery activities and the wind-up of Recovery subcommittees
- Prepare a final report on the recovery phase of the emergency for submission to Council
- Make recommendations for amendments to this recovery plan

CORPORATION OF THE MUNICIPALITY OF HURON EAST EMERGENCY RESPONSE PLAN

Human Needs Subcommittee:

Human needs will be addressed by the establishment of the Human Needs Subcommittee, lead by the Director of Social Services. Other members of the Human Needs Subcommittee could include representatives from Public Health, Business Development Centre and Red Cross. Roles and responsibilities of the Human Needs Subcommittee are as follows:

- Assist displaced citizens to located housing and have utilities connected
- Coordinate storage and distribution of donated materials
- Ensure special needs of the population are met
- Ensure health standards are maintained throughout the community
- Coordinate counseling
- Work with business/industry to ensure that employment opportunities are restored as soon as possible
- Ensure mail services to those within affected area
- Provide secure storage for residents' property as required
- Assist with transportation coordination for this in need of outpatient care or therapy
- Ensure that burials can be conducted in an appropriate manner
- Coordinate with other recovery committees
- Maintain financial records for committee activities
- Prepare report on activities, together with recommendations for amendments to the Emergency Management Plan and the Emergency Recovery Plan

Infrastructure Subcommittee:

Infrastructure requirements will be addressed by the establishment of the Infrastructure Subcommittee. The Emergency Control Group will appoint a subcommittee lead as appropriate to the nature of the emergency. Members of the Infrastructure subcommittee could include representatives from Public Works, Public Health, Emergency Site Team, Building Department and the County Roads Department. Roles and responsibilities of the Infrastructure Subcommittee are as follows:

- Determine (based on Engineering advice) the extent of damage to municipal buildings, roads, bridges and utilities
- Upon request (with Engineering and/or Chief Building Official advice) provide information to property owners regarding extent of damage to homes and property
- Ensure (with police) that access to unsafe areas is restricted
- Expedite demolition permits where appropriate
- Ensure residents are given opportunity to secure and/or remove personal property from damaged locations, when safe to do so
- Ensure traffic controls (lights and signage) are restored
- Ensure appropriate removal of debris and arranging for sorting and recycling as much as possible
- Ensure proper sanitation measures taken
- Recommend (if appropriate) the waiving of tipping fees at municipal landfill sites
- Ensure the safety of workers in the damaged area including volunteers
- Continue to work with utilities to permanently restore services
- Coordinate the use of volunteer labour to assist residents with clean up on private property

CORPORATION OF THE MUNICIPALITY OF HURON EAST EMERGENCY RESPONSE PLAN

- Maintain financial records for committee activities
- Prepare report on activities, together with recommendations for amendments to the Emergency Management Plan and the Emergency Recovery Plan

Financial Subcommittee:

Financial requirements will be addressed by the establishment of the Financial Subcommittee. The Emergency Control Group will appoint a subcommittee lead as appropriate to the nature of the emergency. Members of this subcommittee may include the Finance Manager, and Council Members. Roles and responsibilities of the Financial Subcommittee are as follows:

- Maintain accurate records of all emergency related expenditures
- Coordinate the required committees if ODRAP will be required
- If required, arrange to advance funds to those in need and arrange for recovery of these funds
- In the event of a human caused emergency, prepare and submit claim(s) against the individual or entity that caused the emergency
- Prepare claim for provincial and/or federal funding
- Analyze the impact of the emergency on the municipal budget
- Prepare insurance claims on behalf of the municipality
- Prepare report on activities, together with recommendations for amendments to the Emergency Management Plan and the Emergency Recovery Plan

Provincial and federal financial assistance should be sought through Emergency Management Ontario.

Public Information

This plan assumes that the role with respect to Public Information and Media Coordination will continue during the recovery phase. It is vital that accurate and up-to-date information be provided regularly to residents throughout the recovery phase. During recovery, it is the responsibility of each Committee and Subcommittee Chair to ensure that information flows between the Post-Emergency Recovery Committee and its subcommittees to the Emergency Information Officer.

CORPORATION OF THE MUNICIPALITY OF HURON EAST
EMERGENCY RESPONSE PLAN

POST EMERGENCY DEBRIEFING AND REPORT

The following multi-step debriefing process should begin once the emergency is terminated and the public has been informed.

1. Individual Organization Debriefing

The Individual Organization debriefing should be held as soon as possible after the termination of emergency (within one -two weeks). Each municipal, provincial, federal, volunteer organization and others should conduct a debriefing with their own staff that participated in the emergency response. The Debriefing should include a cross section of representatives from all branches within the organization as well as varying levels of seniority. A report should be prepared based on information shared at the meeting. Some of the points that should be covered in the report are listed in section 3. below.

2. Joint Debriefing

The joint Debriefing should be within one to two weeks of the individual organization debriefing. All Key organizations involved in the emergency response should participate. All members of the Municipal Control Group should be invited. Each organization should make their report based on their debriefing ensuring the following points are covered in their report.

- a. Report by _____;
- b. How the response was organized/managed by the individual organization;
- c. Issues/Problems/ Concerns/ Lessons Learned/ Positive Lessons and Experiences;
- d. Recommendations/ Actions Required;
- e. Follow-up Action Assigned to _____;
- f. Summary/ Conclusions.

3. Post-Emergency Report

Once the debriefings are completed, a report combining the individual organization and joint debriefing comments and recommendations should be compiled considering the following topics.

- a. Introduction;
- b. Overview of the emergency and how it affected your organization “The facts”
- c. A description of your emergency management organization (including reporting structure, who was in charge, etc.);
- d. Roles and responsibilities of key participants;
- e. Telecommunications;
- f. Emergency public information;
- g. Common problems/ issues/ lessons learned (including positive lessons)
- h. Recommendations/ actions required/ Who is assigned to take necessary actions;
- i. Summary / Conclusions;

EMERGENCY RESPONSE PLAN

- j. Suggested Annexes - newspaper clippings, media releases, reports from Individual Organization and Joint debriefings, list of participants.

4. Follow up Meeting to Debriefing

This meeting should be held within a couple of months following the Joint Debriefing in order to review the progress on the recommendations identified in the debriefings and the report. Such meetings should be held until such time as all issues have been satisfactorily addressed.

5. Emergency Plan Update

This emergency plan should be updated after any emergency to reflect any recommendations from the above reports.

6. MOST IMPORTANT OF ALL.

THANK ALL WHO PARTICIPATED IN THE EMERGENCY . A formal written Thank You should be sent to each individual and group.
