

## **MUNICIPALITY OF HURON EAST**

### **Guideline: Plumbing and plumbing changes**

The Ontario Building Code has jurisdiction over plumbing systems. In Huron County, permits and inspections for adding, modifying or changing plumbing systems are administered by a County agency, not the municipality, and are separate from a building permit. A plumbing permit may be required even if a building permit is not. As well, technical drawings prepared by a person certified under a Building Code Identification Number may be required.

For information about **plumbing requirements and a permit**, contact the Huron County Plumbing Inspection agency at 519-482-3416.

If you need any assistance in understanding these requirements, please contact the municipal building department at 519-527-1710 at your convenience. We will be pleased to help you.
