

*Walton Land Fill Site
is now accepting*

White Polyethylene Bale Wrap for recycling

Criteria

1. only white bale wrap
2. shake the material to eliminate rocks, stones, dirt, manure, hay, etc...
3. roll into balls of 3 to 5 lbs (easier for equipment to load)

Not Acceptable

1. coloured plastic film
2. baler twine
3. excessively dirty material

The Walton Landfill Committee has entered into a contract with Think Plastics Inc. to recycle white plastic bale wrap. White plastic bale wrap is recycled into baleboard which is used in farm fencing, barn flooring, etc.....

Farmers with the material can drop it off at the Walton Landfill Site at no charge. Please participate in this program and help eliminate a major environmental problem in Ontario.
